

# Copyright Law for Educators tutorial

My company has a Copyright Law for Educators tutorial that you are more than welcome to view. It was reviewed by Ken Salomon of Dow, Lohnes and Albertson in Wash. DC. To view the tutorial, please go to [www.gcn1.net](http://www.gcn1.net) and use "gcn" for the username and "dugan" for the password. There are six tutorials in total, each less than 20 minutes and uses animations along with professional audio.

I hope you find it helpful!

Comment: I reviewed this material and have found it to be accurate, and easy to work with. You do have to register and create an ID and password. There are a variety of tutorials for teachers, administrators, and staff of many types of organizations. There are 6 different tutorials on Copyright alone, with many others available. G.
